TO WHOM IT MAY CONCERN

Certified that I have visited the **School Building of Sant Mohan Singh Public School Barara (Ambala)-133201 Haryana (India) on 08-09-2024** and made the following observations :-

That the Building is constructed with brickwork in Cement Sand Mortar with RCC slab roofing including RCC pillars at regular intervals cement plastering on walls. Tiles / Terrazzo / Marble flooring at School building whereas brick paving / CC pavements in open areas ,Wooden joinery works ,tiles at roof level and fitting of water supply, sanitary and electricity etc.

That the Workmanship and whole of the materials used are of good quality. Accordingly in my opinion the said building is structurally safe, sound and the same is worth living.
